Horoscopes/Crossword Puzzle

ARIES - Mar 21/Apr 20

You may be forced to retreat today, which can feel frustrating if you are used to be the one who is at the front, leading the charge. Try to relax for once and just go with the flow.

TAURUS - Apr 21/May 21

You are likely to be very sensitive to those around you today, which may be disconcerting for practical earthy Taurus. Focus on what brings you pleasure and help others to do the same.

GEMINI - May 22/June 21

Today strong emotional energies may leave you feeling uncomfortable, but can help you to connect with your intuition to deepen your understanding of your vocation and your role in life and in the world.

CANCER - June 22/July 22

Your ruler the moon makes her waxing square to the sun today, giving you a boost of vitality and creativity. You are likely to be at home with the sensitive energies of the day, and are able to respond to the needs of those around you to support and care for them.

LEO - July 23/Aug 23

Your urge to grow as an individual may be at odds with your need to connect deeply with loved one's today. Seeing yourself reflected in the eyes of another can give you a renewed sense of who you are and where you are going.

VIRGO - Aug 24/Sept 22

Your loved ones may be causing your feelings to seem chaotic and confusing today, which is unsettling for you as you tend to prefer order and being in control. Try going with the flow for once, and see what gifts and knowledge your intuition has for you.

LIBRA - Sept 23/Oct 23

Your increased sensitivity to the feelings of others may leave you feeling depleted today, so make sure you look after yourself as well as your loved ones. If your energy levels are ebbing and flowing, go with it rather than trying to force yourself through, as this can leave you drained and vulnerable to illness.

SCORPIO - Oct 24/Nov 22

You are likely to be especially charismatic today, in touch with your emotions and the feelings of others. If a romantic connection is building, you may surprise the other person with your astute assessment of their feelings and your deep level of understanding.

SAGITTARIUS - Nov 23/Dec 21

Duty may call today, especially to home or family, and you may feel trapped and restless. Try to be empathetic to the feelings of your loved ones, rather than rushing off as you often do.

CAPRICORN - Dec 22/Jan 20

You are likely to be focused on details and discipline today, working hard to put your plans into action. Don't be afraid to ask for support from others even if you are used to being self-reliant, they may have a different experience and can help increase your knowledge.

AQUARIUS - Jan 21/Feb 18

All the emotional energy around today may be disconcerting for you, especially if your habit is to repress or ignore your feelings. The idea of emotional security may seem confusing for someone so cerebral.

PISCES - Feb 19/Mar 20

You are likely to be right at home with the sensitive energies around today, able to help others understand what they are feeling and to connect to your own intuition as well. It's a good day to focus on your spiritual path, especially if you are drawn to give service by healing others or helping .
