## Horoscopes/Crossword Puzzle

**ARIES - Mar 21/Apr 20**

Perhaps someone has recently asked you for advice or they have made it known that they look up to you. You will benefit from sharing some knowledge with this person and giving them a peek into your success story. The greatest gift of all is a human connection!

**TAURUS - Apr 21/May 21**

A person might have done something you simply cannot relate to and you are at a loss for how to proceed. Try to find a middle ground of understanding. It's not a good idea to let your relationship suffer over a difference of opinion.

**GEMINI - May 22/June 21**

You may find this is a great time to pay it forward. Think of little steps you can take to make someone else's day better. Spreading goodwill will help to boost your mood as well, and you may just find that you are making the world a better place one day at a time.

**CANCER - June 22/July 22**

Someone has a secret they want to share with you. Try to remain open and understanding no matter how shocking this news might be. You are a great sense of support for this person and you will find that your opinion matters immensely to them.

**LEO - July 23/Aug 23**

Leo may find they are grappling with a sense of loss. Someone has recently left your life, or perhaps a situation simply hasn't gone as you thought it would. Take some time to reflect on the significance of this loss and what it means to you on a personal level. We all face adversity from time to time-it is up to us to allow it to make us stronger!

**VIRGO - Aug 24/Sept 22**

It seems that someone around you gets whatever they want without very much effort. We only ever see part of the story; you have no idea what's going on behind the scenes in this person's life.

**LIBRA - Sept 23/Oct 23**

Libras will be encouraged to see themselves in a new light. Perhaps there is something you never considered yourself good at because of preconceived notions. This is the perfect time to give this another shot! You may surprise yourself and, in turn, build your confidence!

**SCORPIO - Oct 24/Nov 22**

You love to analyze people and consider yourself a great judge of character. But someone new in your life has you a bit stumped. Spend some time with this person one-on-one to try to figure them out. You may find they are quite interesting; and they may even offer you some inspiration for a new perspective on life!

**SAGITTARIUS - Nov 23/Dec 21**

Sagittarians may find themselves going a little stir-crazy. Commitments have recently kept you close to home, stifling any urges you may have to get out there and see the world. Take heart, you will soon be rewarded for your recent responsibility in the form of a much-needed vacation. Enjoy your freedom when it comes-you surely deserve it!

**CAPRICORN - Dec 22/Jan 20**

Capricorn, you are very committed to a work project right now. This is something you have poured your heart and soul into and it is consuming a lot of your time. Take pride in your work, but don't let other areas of your life fall to the wayside. You have many people in your personal life who care a great deal about you! Surely they are yearning for some much-needed quality time.

**AQUARIUS - Jan 21/Feb 18**

Conflict may seem unavoidable with a certain person. Don't take any of their actions personally. Instead, use your signature cool-headed approach to help calm them down. They don't have the ability to say it, but they could definitely use some understanding right now.

**PISCES - Feb 19/Mar 20**

There's nothing you hate more than conflict! Keep in mind, there are tactical ways you can bring up an issue without necessarily causing friction. If you approach any situation with a little bit of empathy, you are well on your way to harmony!
